ABOUT ME

Data Engineer with 5+ years of experience specializing in production ETL/ELT pipeline automation and cloud warehouse architecture (Microsoft Fabric, GCP). Proven expertise in building centralized semantic data models, enterprise BI reporting systems (Looker, Power BI) and automated workflows. Currently pursuing an MSc in Data Science at the University of Padova focusing on Large Language Model (LLM) application development. Looking to leverage end-to-end data modeling and AI-native agentic pipelines as a high-impact Senior Consultant.

EDUCATION & TRAINING

Msc. in Data Science

University of Padua [29/09/2025 - Current]

City: Padova | Country: Italy | Website: www.unipd.it | Level in EQF: 7

* Designing scalable batch/streaming pipelines using Apache Spark (PySpark), execution plan optimization, and partitioning strategies.
* Analyzing system execution logs and workflow telemetry (BPI, process mining) under GDPR, PII, and SOC 2 standards.
* Building production RAG architectures and tool-calling AI agents in Python leveraging vector search and embeddings.

Chemical Engineering

Universidad Nacional de Colombia [01/02/2011 - 12/09/2017]

City: Bogota | Country: Colombia | Website: https://unal.edu.co/

WORK EXPERIENCE

Worley - Colombia, Bogota

Business or sector Mining and quarrying | Department: Supply Chain | Email: carlos.gil@worley.com | Website: www.worley.com

Business analyst [18/01/2024 - 31/07/2025]

* Architected and deployed end-to-end ETL/ELT pipelines using Microsoft Fabric and GCP BigQuery; structured reusable semantic data models and governed dimensional schemas to provide single-source-of-truth business metrics across global procurement operations.
* Structured semantic data models and governed dimensional schemas to provide single-source-of-truth business metrics across global procurement operations.
* Developed and automated interactive dashboards and reporting systems in Power BI and Looker Studio, increasing visibility of procurement key indicators for global stakeholders.

Bancoldex SA - Colombia, Bogota

Business or sector Financial and insurance activities | Department: Audit | Website: www.bancoldex.com

Data analyst [24/08/2022 - 17/01/2024]

* Engineered automated continuous auditing data workflows using advanced SQL (Oracle DB), optimizing complex query execution plans and implementing data quality validation mechanisms across 5+ core banking systems.
* Evaluated Risk Management processes and systems through data analysis, using Business Intelligence tools such as MicroStrategy and Looker.
* Supported the internal audit process through digital transformation, providing new techniques to develop the planning and execution steps of auditing activities.

Congrupo SAS - Colombia, Bogota

Business or sector Manufacturing | Department: Research and Development | Website: congrupo.com.co

Research and development coordinator [01/03/2019 - 19/08/2022]

* Standardized industrial processes through data analysis, leveraging analytical tools such as Power BI.
* Collaborated closely with interdisciplinary teams to enhance the R&D process by identifying client needs and focusing efforts deliver solutions within the required deadlines.
* Reduced the product launch times by up to 20% through the implementation of agile methodologies in the R&D department.

Congrupo SAS - Colombia, Bogota

Project Engineer Jr [01/03/2018 - 28/02/2022]

* Developed and implemented a statistical tool for analyzing consumer sensory evaluations using the "Just As Right" methodology and penalty analysis.
* Designed and performed sensory tests for new products.
* Analyze data using statistical methods as ANOVA.

SKILLS

Data Modelling & Analytics

Dimensional Modeling | LookML | Semantic Modeling | Power BI | Looker Studio

Cloud Computing

GCP | Microsoft Fabric | Big Query

AI & Backend Development

Python | Pandas | Git / Git Hub | RAG | Docker | Vector Search | Fast API

CERTIFICATIONS

[Universidad Central (Bogotá, Colombia), 01/06/2023]

Diploma Course in Business Analytics

[Cisco Networking Academy, 22/07/2022]

Programming Essentials in Python

LANGUAGE SKILLS

Mother tongue(s): Spanish

English

LISTENING: C1 READING: C1 WRITING: C1
SPOKEN PRODUCTION: B2
SPOKEN INTERACTION: B2

Italian

LISTENING: B2 READING: B2 WRITING: B2
SPOKEN PRODUCTION: B2
SPOKEN INTERACTION: B2

COMMUNICATION AND INTERPERSONAL SKILLS

Analytical thinking * Team player * Result-oriented * Problem-solving * Time Management * Communication Skills
